Domani

Domani is a modern and very pleasant rounded model, consisting of straight and bean-shaped modules. By combining them freely you can create a fanciful shape: a sofa, an L-shaped corner sofa, but also a semi-circle, an open circle, a wave or an S-shape. You are only limited by your imagination! This unique feature makes Domani suitable for a wide variety of rooms – from a cosy living room to an exclusive waiting room in a clinic. Because sometimes we expect furniture to help us be very close to someone, and sometimes we can use it together with others to preserve some intimacy. Interesting? Finally, a little hint – this model looks fantastic in boucle fabrics!

Corner sofas Available in a left-hand or right-hand configuration. The sets below are left-hand facing.

What makes the Domani sofa stand out?

The sinuous springs make the seat more flexible and provide a perfect base for high-elastic foam.

You have the opportunity to choose a fabric from dedicated collections, including fabrics that are easy to clean.

The furniture is fully upholstered, so you can put it in the middle of the living room.

The highly elastic foam used increases the strength and elasticity of the seat preventing deformation.

The perfect fit between the seat and backrest to the anatomical shape of the human body provides exceptional comfort and ergonomics of the body.

Mixed filling: Natural feathers and silicone balls.
